Create & Reset Password
How To Create or Reset Password in SPLIT

Overview:

When a new user is added to SPLIT they will need to create a password. The same process can be used to reset a forgotten password.

Instructions:

Navigate to the SPLIT Landing Page (https://split.practiceinnovationco.org).

1) Click on the "Forgot Password" link under the SPLIT Login

2) Enter your email address
3) (This email will also be the SPLIT username used to login)

4) Click "Send Email" to send a reset password email

5) Follow the instructions in the reset password email

6) Using your username and new password log into SPLIT
